Analysis Seminar

Harmonic Bergman-Besov and Drury-Arveson Kernels

By

H. Turgay Kaptanoğlu
(Bilkent)

Abstract: Starting with the Poisoon kernel that is the reproducing kernel for the Hardy space, we introduce the Bergman-Besov family of kernels, and then briefly describe the Drury-Arveson kernel on the unit ball of R^n

Date: Monday, March 18, 2024
Time: 15:30-16:30
Place: SA141 - Mathematics Seminar Room
